

This publication covers criteria such as eligible subscriber discounts, Link-Up services, carrier reimbursements, carrier outreach, and carrier recordkeeping.

Lifeline/Link-Up Requirements

TMI's **Lifeline/Link-Up Requirements** workbook helps carriers identify the states in which they are obligated to offer Lifeline/Link-Up to their local customers. In addition, information regarding whether and how carriers can be reimbursed for the discounts they provide is included.

This publication covers criteria such as eligible subscriber discounts, Link-Up services, carrier reimbursements, carrier outreach, and carrier recordkeeping.

Features of the **Lifeline/Link-Up Requirements** workbook include sorting capabilities by ILEC region, by state, and by whether either Lifeline service is required or if Link-Up is required.

The Lifeline/Link-Up Requirements workbook is updated on a near real-time basis

Recommended For

Any type of local telecom services provider will find this publication useful.
