

*Knowing the tariff filing intervals and customer notice requirements for each of your operating states is an important part of any carrier's marketing and regulatory planning.*

## ***Tariff Filing Intervals and Customer Notice Requirements***

A state-by-state spreadsheet, TMI's ***Tariff Filing Intervals and Customer Notice Requirements*** contains tariff filing time frames and associated customer notice requirements for IXC's, CLEC's, and OSP's.

The ***Spreadsheet*** provides information on the following filings for each state:

- New Service Offerings
- Rate increases/decreases
- Text changes and terms and conditions changes
- Promotions
- Customer notice - includes time frames and methods of implementation (i.e. bill insert, direct mail, newspaper)

Manage your product rollouts. Stay on top of requirements regarding notifying your customers of a change.

The ***Tariff Filing Intervals and Customer Notice Requirements*** spreadsheet is updated on a near real-time basis.

**Recommended for . . .**

**Regulatory managers, marketing managers, and other personnel who have responsibilities regarding product roll-out and market expansion.**
